Pre-bid Conference Info

Non-Mandatory On-Site Pre-Bid Meeting on October 1, 2026, at 10:00 AM

Description of Work:

The work included in this Contract shall consist of furnishing all the materials, labor, equipment and incidentals required to complete removal and replacement of the generator including removal of the existing diesel UST and connection of a new gas service at the Northwest Booster Pumping Station, as well as the conversion of the Chlorination Room into a washroom. And any appurtenant work required to make this a well-constructed project inclusive of all required safety measures and clean-up tasks to insure a successful project. The Contractor will work in a deliberate and safe manner. The safety of the Public, NSMJAWA Staff, Engineer, and the Contractor's Employees is the TOP PRIORITY. The Projects will be constructed in a logical process by the Contractor with approval from Engineer and NSMJAWA.

Information for Bidders:
