2020 IMPACT REPORT

You're making
A DIFFERENCE

UNITED
WAY

\$40,595

Your generosity continues to help United Way empower people to create the change they hope to see in their communities.

Launched in April in partnership with Door Dash, the Ride United Last-Mile Delivery initiative has distributed more than **100,000 food boxes and household supplies** to vulnerable populations throughout 175 U.S. communities.

WATER FOR
PEOPLE

\$6,551

Your donations helped Water for People distribute **100 Sustainable Sanitation units** to nine municipalities of Cochabamba, Bolivia. Under this model, the families use the donated units to build their own bathrooms with the guidance of municipal technicians.

In 2020, you helped raise **\$93,872 for B&W Cares!**

Funds raised for Global Water Stewardship support bi-annual trips to Costa Rica to turn planned sanitation improvements into reality. Projects include a prospective **collection and treatment system for the Monteverde region**, which was the subject of the 2019 Student Design Competition.

Engineers Without Borders is putting your contributions to work funding global infrastructure projects, such as **building a junior high school in Chinderi, Ghana**. The existing thatched roof building is being replaced with a properly roofed concrete and brick facility to keep the rain out and reduce class cancellations.

GLOBAL
WATER
STEWARDSHIP

\$6,480

ENGINEERS
WITHOUT
BORDERS

\$4,171

GENERAL FUND

\$20,778

The B&W Cares General Fund provides one-time donations to organizations supporting **special events, disaster relief, or other causes** that matter most to you!
